

# Cooloola Civil

Earthworks, Environmental  
& Civil Services

## CAPABILITY STATEMENT

## Company Overview

Cooloola Civil is a Queensland family owned and operated business providing earthworks, environmental and civil services.

Cooloola Civil was established by Ben Geurts in 2024, bringing more than 20 years of expertise in civil, mining and infrastructure projects to provide a professional, reliable and quality civil contracting service both locally and afar.

Cooloola Civil offers a full range of reliable plant and equipment to ensure the highest standard of safety.

We have multiple machines available such as Posi-tracks, Excavators from 1.7T to 25T with multiple attachments, Tipper Trucks, Spray Buggies and Rollers etc to enable versatility when working with clients for projects of various scopes and sizes.

## Core Services

We are committed in providing high quality integrated project solutions, from inception to completion, including:

- Civil Construction – **Environmental management and control, road and rail formations, drainage, earthworks**
- **Project Management** – Seamless execution from planning to completion
- **Project Controls** – Ensuring governance, efficiency, and accountability in every phase
- Feasibility Studies – Data-driven insights for **better decision-making**
- Stakeholder & Council Coordination – Ensuring **smooth project execution**
- **Sustainability & Safety** – Delivering projects that exceed compliance standards

## Workplace Health & Safety

Cooloola Civil is committed to providing and maintaining a safe and healthy workplace. Our workplace Health and Safety Management Plan complies with AS/NS 4801-2001.

Environmental Management Plans are in place at all projects to address individual site-specific conditions to prevent environmental harm as described in the Environmental Protection Act 1986.

Cooloola Civil operates with the following insurances;

- Public Liability Insurance
- Vehicle and Equipment Insurance
- Personal Cover
